

The background of the image features a stylized illustration of bamboo. On the right side, there are two vertical bamboo stalks with distinct nodes. From these stalks, numerous long, slender, green leaves hang down, filling the upper and middle portions of the frame. The leaves are rendered in various shades of green, from light to dark, creating a sense of depth and texture. The overall background is a light, neutral color, possibly a pale yellow or cream, which makes the green bamboo stand out.
