

# SPANISH 21 “Up & Down”

All standard PALACE CASINO Blackjack procedures will be used with the following exceptions:

1. Players win on all Blackjacks and are paid immediately. Note the following:
  - Dealer’s up card is a face card. Pay the bet 3:2 and remove hand before peeking under face card.
  - Dealer’s up card is an Ace. Pay the bet 3:2 and all other players may take insurance, including players that have been paid on their Blackjacks that round. If a player with a Blackjack doesn’t take insurance, remove hand before peeking.
  - Doubling down on a two card 21 (Blackjack) is permitted. Instead of taking the Blackjack payout, a player may elect to double down.
2. Players win on all hands totaling 21 and are paid immediately. Doubling down on a three or more card soft 21 is permitted, instead of taking the immediate 21 payout, a player may elect to double down.
3. Pair Splitting
  - Players may split cards of equal value, including Aces, creating up to four hands.
  - Hitting or doubling of split hands including Aces is allowed.
  - Bonuses are paid on non-doubled split hands. Splitting or doubling VOIDS SUPER BONUSES.
4. Double Down
  - Players may double down once on any total, on 2, 3, 4 or more cards INCLUDING after splitting.
  - Players may double down for less.
  - Bonuses ARE NOT paid on doubled hands. Winning double down hands are always paid even money.
5. Double Down Rescue
  - After doubling, players may choose to Rescue (take back) the doubled portion of the bet and forfeit the original bet. Busted doubles CAN’T BE RESCUED.
  - Double down rescues should not be confused with or called Surrender. A player may surrender any original 2-card hands after the dealer has checked for Blackjack and always gives up to 1/2 of his/her bet. Rescue on the other hand applies only to RESCUING the doubled hand, which will be 3 or more cards, and the player can only RESCUE the doubled portion, which could be LESS than the original bet.
6. Insurance is permitted. Players may bet up to 1/2 the original bet on any dealer’s Ace up card, including a PAID Blackjack.
7. Late Surrender Allowed. PLAYERS CANNOT SURRENDER AGAINST A DEALER BLACKJACK. A player may surrender (forfeit) 1/2 of his original bet, on his first two cards only, against any dealer’s up cards. If dealer’s up card is a face or an Ace, the dealer must check for Blackjack before the player may surrender.
8. The Super Bonus payout requires no special or side bet. When a player’s first three cards are suited 7’s and the dealer’s up card is any 7, that player wins a \$1000.00 Super Bonus when a \$5.00 minimum bet is played, or a \$5,000.00 Super Bonus when a \$25.00 minimum bet is played. All other players of that round receive a \$50.00 envy bonus.
